This is!

I'm back!

Ah I'm really worried about failing the subject of today's test..

You're back, landlady Yan!

Hold it!

Are you sure you aren't confused, monk? I really have no idea what you're talking about?

Yan landlady there is no need to hide it from this humble monk,

you needn't be embarrassed!

Takes out ==

Why was thou hiding this sacred book in such a dark place?

Ta-dah!

This...

Um no, monk that's...

it's not just one, but all these too!

Although Yan landlady completely lacks any wisdom this humble monk is relieved that thou art pious in thee heart.

So moved it brings a tear to the eye

Actually I didn't buy those books because I believe in Buddha. I just got it in a set.

What is a set?

So let's say you want to buy something for a certain price, but if you only buy one item it's more expensive.

So if you buy it together with something else you can get a better price. It's that kind of meaning.

Do you get it?

So what Yan landlady is saying is thee didn't buy these scriptures because of a devout heart?

This monk turns hostile
at the drop of a hat...

Exhausted
